VASCULAR DISEASE FELLOWSHIP WORKSHOP

Join us for the inaugural Vascular Disease Fellow Workshop, a one-day event for medical professionals. Trainees and fellows can choose three topics for workshops.

Key Highlights:

- Expert-led academic lectures
- Interactive discussions
- Hands-on sessions focused available throughout session

**SATURDAY,
23 MAY 2026**

**ACADEMIA
20 COLLEGE ROAD
SINGAPORE 169856**

**REGISTRATION FEE
(INCL. GST)
LOCAL FEE: SGD 54.50
INTERNATIONAL FEE: SGD 109**

**Register by
30 April 2026**

PROGRAMME

08:30 - 09:00	Registration
09:00 - 10:20	PAD Management
10:20 - 10:30	Tea Break
10:30 - 11:30	Aortic Intervention
11:30 - 12:35	Haemodialysis Access
12:35 - 13:35	Lunch Break
13:35 - 14:40	Wounds Management
14:40 - 14:50	Tea Break
14:50 - 17:25	Open Practical Access
17:25 - 17:30	Closing

**PRACTICAL SESSIONS AVAILABLE
THROUGHOUT THE DAY**

The inaugural Vascular Disease Fellow Workshop is a focused, one-day educational event aimed at gathering healthcare professionals at Academia. This workshop will convene multi-disciplinary trainees and fellows from surrounding countries.

Educational Framework:

- Interactive academic lectures and discussions
- Practical hands-on training stations

The workshop will center around four topics, allowing participants to choose three topics and delve into practical stations:

Topic:	Co-leads:
Peripheral Arterial Disease	Dr Ankur Patel, Dr Kalpana Vijaykumar and Dr Derek Ho
Aortic Intervention	Dr Yap Hao Yun, Dr Jasmine Chua and Dr Sivaraj Pillai Govindasamy
Haemodialysis Access	A/Prof Tan Chieh Suai and Dr Pang Suh Chien
Wounds Management	Dr Luke Tay and Dr Lew Pei Shi

For any queries regarding the workshop, please feel free to contact us at:

Programme Overview*

Time	Topic	Lecture	Practical
0830 - 0900	Registration & Welcome		
0900 - 0915	PAD Management	Acute limb ischaemia - when to cut and when to suck? Dr Nick Ng (SGH Vas)	Practical
0915 - 0930		Access choice considerations in PAD intervention Dr Ankur Patel (SGH VIR)	
0930 - 0945		Evidence of drug coated balloon technology in BTK disease Dr Yap Hao Yun (SGH Vas)	
0945 - 1000		Guidewire selection for everyday CLTI work Dr Jasmine Chua (SGH VIR)	
1000 - 1015		The challenges of grade 5 calcification in CLTI Dr Alfred Tan (SGH VIR)	
1015 - 1020		Q&A (All)	
1020 - 1030	Tea break		
1030 - 1045	Aortic Intervention	Evolving strategies in treatment of TAAA Prof Chong Tze Tec (SGH Vas)	Practical
1045 - 1050		Q&A	
1050 - 1105		Type A Aortic dissections, Hemiarch vs Total aortic Frozen elephant trunk Dr Sivaraj Pillai Govindasamy (NHCS CTS)	
1105 - 1110		Q&A	
1110 - 1125		Management of Endoleaks Dr Jasmine Chua (SGH VIR)	
1125 - 1130		Q&A	
1130 - 1150	Haemodialysis Access	Basic principle of fistuloplasty and types of angioplasty balloons – when to use them? Dr Alvin Tng (SGH Ren Med)	Practical
1150 - 1210		Endovascular thrombectomy of AV access Dr Lai Boon Cheok (SKH Ren Med)	
1210 - 1230		Selection of percutaneous AVF Dr Tan Ru Yu (SGH Ren Med)	
1230 - 1235		Q&A (All)	
1235 - 1335	Lunch		
1335 - 1350	Wounds Management	Techniques of bedside debridements Podiatrist SGH	Practical
1350 - 1405		State of the art techniques and adjuncts in closure of vascular wounds complicated by osteomyelitis / chronicity Dr Feng Jiajun (SKH Plas)	
1405 - 1420		Surgical Offloading and corrective surgeries for foot deformities associated with diabetes / critical limb ischemia, and prevention of neuropathic / pressure induced wounds Asst Prof Tay Kae Sian (SGH Ortho)	
1420 - 1435		My collection of the worst lower limb wounds and best salvages Dr Zoe Tan (SGH Vas) and Dr Teo Qi Tian (SGH Vas)	
1435 - 1440		Q&A (All)	
1440 - 1450	Tea break		
1450 - 1720	Extended Practical Station Time		Practical
1725 - 1730	Closing Remarks		

Practical Overview*

Topic	Lecture	Practical (09:00 - 17:30)
PAD Management	Medtronic	All day (except lecture 0900 - 1020)
	Terumo	
Aortic Intervention	Medtronic	All day (except lecture 1030 - 1130)
	Artivion	
Haemodialysis Access	US assessment of AV access Philips Ms Situ Hong (SGH VSU), Ms Lee Guan Ying (SGH VSU)	All day (except lecture 1130 - 1235)
	US guided angioplasty BD + DK Medtech Dr Tan Chee Wooi (SGH Ren), ANC Farhan (SGH Rad)	
	Percutaneous AVF creation + stenting BD A/Prof Tan Chieh Suai (SGH Ren)	
	Tunneled hemodialysis catheter insertion BD A/Prof Sreekanth Koduri (CGH Ren), Dr Pang Suh Chien (SGH Ren)	
Wounds Management	Demo application of NPWT with instillation. How to set up and how to select dwell time and volume. Podiatrist SGH	All day (except lecture 1335 - 1440)
	Solventum	

This is a preliminary program—please note that speakers, timings, and topics may be subject to change.*
